Independent Auditor's Report

Wesley Country Housing Incorporated

Board Members Report 30 June 2013

The Board members present their report on the financial statements of the organisation for the year ended 30 June 2013.

Board Members

The names of the Board Members in office at any time during or since the end of the year are:

Ms Anthea Pavy

Mr Andrew Cockington

Mr Ian Eberhard

Ms Elizabeth Malcolm

Ms Dianne Patterson

Mr Sean Manfield

Rev Edward White

Ms Maria Palumbo

Board members have been in office since the start of the financial year to the date of this report unless otherwise stated.

Activities

The principal continuing activities of the organisation during the financial year were the provision of housing accommodation at low cost and appropriately accessible and secure.

The organisation's principle objective is not the generation of profit.

Operating Results

The organisations operating profit of the financial year amounted to \$52,350 (\$2,021,464 in 2012).

Total operating revenue for the financial year was \$604,757 (\$2,396,187 in 2012)

Wesley Country Housing Incorporated

Statement of Board Members 30 June 2013

STATEMENT BY THE BOARD

1. In the opinion of the Board of the Wesley Country Housing Incorporated ("the Association"):
 - a) the financial statements and notes that are set out on pages 5 to 20, present fairly the results and cash flows of the Association for the financial year ended 30 June 2013 and the state of affairs of the Association as at that date; and
 - b) at the date of this statement, there are reasonable grounds to believe that the Association will be able to pay its debts as and when they fall due.
2. Other than as disclosed in Note 12, since the end of the previous financial year, no Officer of the Association, no firm of which an Officer is a member and no body corporate in which an Officer has a substantial financial interest, has received a benefit as a result of a contract between the Officer, firm or body corporate and the Association.
3. The financial statements have been made out in accordance with the accounting standards and disclosure requirements of the Australian accounting bodies, the provisions of the Associations Incorporation Act 1985 and other requirements of the law.

This statement is made in accordance with a resolution of the Board and is signed for and on behalf of the Board by:

Signed at Port Pirie this 23rd day of October in accordance with a resolution of the Board Members.

Wesley Country Housing Incorporated

Board Members Report 30 June 2013 (Continued)

State of Affairs

The organisation began trading during the year as the Federal Governments Economic Stimulus properties became available to rent to eligible tenants. The organisation now owns 54 properties, controls 4 debentured properties and tenancy manages 68 properties for a total of 126 properties.

Events after Balance Sheet Date

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the economic entity, the results of those operations, or the state of affairs of the economic entity in the future financial years.

Environmental Regulation

The organisation's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or a state or territory.

Board Members Benefits

Other than disclosed in Notes, no officer of the organisation or firm in which an officer was a member or body corporate in which an officer has a substantial financial interest, has, during or since the end of the financial year, received or became entitled to receive a benefit as a result of a contract between the officer, a firm or a body corporate associated with an officer and the organisation, and no officer has received directly or indirectly from the organisation any payment or other benefit of a pecuniary value.

Signed at Port Pirie this 23rd day of October in accordance with the resolution of the Board Members

Wesley Country Housing Incorporated

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

Wesley Country Housing Incorporated has elected to early adopt the Australian Accounting Standards – Reduced Disclosure Requirements as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010–2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements. As a consequence, the association has also adopted AASB 2011–2: Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project – Reduced Disclosure Requirements and AASB 2011–6: Amendments to Australian Accounting Standards – Extending Relief from Consolidation, the Equity Method and Proportionate Consolidation – Reduced Disclosure Requirements. This is because the reduced disclosure requirements in AASB 2011–2 and AASB 2011–6 relate to Australian Accounting Standards that mandatorily apply to annual reporting periods beginning on or after 1 July 2011.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board and the *Associations Incorporation Act 1985*. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 23rd of October by the committee.

a. Income Tax

The Association has been endorsed as an Income Tax Exempt Charity by the Australian Taxation Office and Board Members are therefore of the opinion that there is no liability for the payment of income tax.

b. Inventories

Inventories are measured at the lower of cost and net realisable value.

c. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings are measured on the fair value basis, being the amount for which an asset could be exchanged between knowledgeable willing parties in an arms length transaction.

Revaluation

It is the entity's policy to have a rolling independent valuation over a 5 years period. Any revaluation surplus is credited to the asset revaluation reserve and all revaluations relating to a particular class of assets are offset.

Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets, is depreciated on a straight-line basis over the asset's useful life commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

Wesley Country Housing Incorporated

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Buildings	2.5%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation relating to that asset are transferred to retained earnings.

e. Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the association commits itself to either purchase or sell the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. *Fair value* represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- (i) the amount at which the financial asset or financial liability is measured at initial recognition;
- (ii) less principal repayments;
- (iii) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and
- (iv) less any reduction for impairment.

The *effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

The association does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of accounting standards specifically applicable to financial instruments.

(i) *Financial assets at fair value through profit or loss*

Financial assets are classified at 'fair value through profit or loss' when they are held for trading for the purpose of short-term profit taking, where they are derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

Wesley Country Housing Incorporated

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period, which will be classified as non-current assets.

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the association's intention to hold these investments to maturity. They are subsequently measured at amortised cost using the effective interest rate method.

Held-to-maturity investments are included in non-current assets, except for those which are expected to mature within 12 months after the end of the reporting period, which will be classified as current assets.

If during the period the association sold or reclassified more than an insignificant amount of the held-to-maturity investments before maturity, the entire category of held-to-maturity investments would be tainted and would be reclassified as available-for-sale.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not capable of being classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Available-for-sale financial assets are included in non-current assets, except for those which are expected to be disposed of within 12 months after the end of the reporting period, which will be classified as current assets.

(v) *Financial liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At the end of each reporting period, the association assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

Derecognition

Financial assets are derecognised where the contractual right to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Wesley Country Housing Incorporated

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

f. Impairment of Assets

At the end of each reporting period, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value-in-use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the association estimates the recoverable amount of the cash-generating unit to which the asset belongs.

h. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

i. Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

All revenue is stated net of the amount of goods and services tax (GST).

k. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST components of investing and financing activities, which are disclosed as operating cash flows.

l. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Where the association has retrospectively applied an accounting policy, made a retrospective restatement or reclassified items in its financial statements, an additional statement of financial position as at the beginning of the earliest comparative period will be disclosed.

m. Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

n. Intangible Assets

Intangible assets have been recognised at fair value using a discounted net present value model of the cash inflows and outflows of the right from the right of use of the 52 properties donated by the South Australian Housing Trust. The intangible asset is carried at its fair value less accumulated amortisation and impairment losses. The intangible asset is amortised over its useful life of 40 years, which is consistent with the agreement with the South Australian Housing Trust of the right to use the 52 properties.

Wesley Country Housing Incorporated

o. Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

p. Key Judgments

(i) *Provision for impairment of receivables*

Included in trade receivables and other receivables at the end of the reporting period are amounts receivable for which a provision for impairment of \$15,660 has been made.

(ii) *Available-for-sale investments*

The association does not have any available for sale assets at the end of the reporting period.

(iii) *Intangible Assets*

The association has measured the value of the intangible assets using a discounted net present value model of cash flows to be generated from the right to providing housing assistance from the 52 properties donated from the South Australian Housing Trust in 2012. This model currently includes assumptions relating to cash inflows and outflows to be generated from the use of the properties. These key judgements were reviewed during the year and no changes to the model were made.

Wesley Country Housing Incorporated

Wesley Country Housing Incorporated

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

NOTE 6: TRADE AND OTHER RECEIVABLES

Credit Risk

The association has no significant concentration of credit risk with respect to any single counterparty or group of counterparties. The main source of credit risk to the association is considered to relate to the class of assets described as trade receivable.

The following table details the association's receivable exposed to credit risk with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled within the terms and conditions agreed between the association and the counterparty to the transaction. Receivables that are past due are assessed for impairment by ascertaining their willingness to pay and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the association.

The balances of receivables that remain within initial terms (as detailed in the table) are considered to be of high credit quality.

	Gross Amount	Past Due and Impaired	Past Due but Not Impaired				Within Initial Trade Terms
			(Days Overdue)				
			< 30	31-60	61-90	> 90	
\$	\$	\$	\$	\$	\$	\$	
2012							
Receivables	13,516	6,334	-	23	-	804	6,355

	1,881,000	1,930,500

During the year ended 30 June 2012, Wesley Country Housing Inc. entered into a Project Agreement with the South Australian Housing Trust ("SAHT"). This agreement and the associated Master Deed and Deed of Statutory Charge ("the agreements") provided for the SAHT support of the Association through a real property contribution of 52 properties to enable the Association to provide not for profit social and affordable housing assistance. The arrangement represents a right of use grant to the Association in relation to the use of these properties for the purposes allowed.

In accordance with Australian Accounting Standards, the fair value of the consideration received has been brought to account as grant revenue (refer Note 2) with a corresponding intangible asset to be amortised over its useful life, which has been assumed to be 40 years.

The agreements establish the rights and obligations of the parties as well as containing conditions that govern the circumstance of a breach of the agreements due to default or an insolvency event. Were a breach to occur due to default or insolvency, the association would be required to repay to SAHT the repayment contribution amount. As at the date of this financial report, the board has determined that no event or circumstance has occurred that would represent a breach and accordingly no amount has been recognised in the financial report.

No collateral has been pledged for any of the trade and other payable balances.

NOTE 10: CONTINGENT LIABILITIES AND CONTINGENT ASSETS

As at the date of signing the accounts the organisation does not have any contingent liabilities.

NOTE 11: EVENTS AFTER THE REPORTING PERIOD

The committee is not aware of any matters or circumstances which have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the association, the results of those operations or the state of affairs of the association in future financial years.

NOTE 12: RELATED PARTY TRANSACTIONS

During the year ended 30 June 2013 no officer of the organisation or firm in which an officer was a member or body corporate in which an officer has a substantial financial interest, has, during or since the end of the financial year, received or became entitled to receive a benefit as a result of a contract between the officer, a firm or a body corporate associated with an officer and the organisation, and no officer has received directly or indirectly from the organisation any payment or other benefit of a pecuniary value.

Wesley Country Housing Incorporated

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

NOTE 13: FINANCIAL RISK MANAGEMENT

The association's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable, and leases.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

	Note	2013 \$	2012 \$
Financial assets			
Cash and cash equivalents	5	86,824	489,803
Loans and receivables	6	6,353	7,182
Total financial assets		93,177	496,985
Financial liabilities			
Financial liabilities at amortised cost:			
— trade and other payables	10	51,064	391,469
Total financial liabilities		51,064	391,469

Financial Risk Management Policies

The association's treasurer is responsible for, among other issues, monitoring and managing financial risk exposures of the association. The treasurer monitors the association's transactions and reviews the effectiveness of controls relating to credit risk, financial risk and interest rate risk. Discussions on monitoring and managing financial risk exposures are held bi-monthly and minuted by the committee of management.

The treasurer's overall risk management strategy seeks to ensure that the association meets its financial targets, while minimising potential adverse effects of cash flow shortfalls.

Specific Financial Risk Exposures and Management

The main risks the association is exposed to through its financial instruments are interest rate risk, liquidity risk, credit risk and equity price risk.

WESLEY COUNTRY HOUSING INC

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF WESLEY COUNTRY HOUSING INC**

Report on the Financial Report

We have audited the accompanying financial report, of Wesley Country Housing ('the Association'), which comprises the statement of financial position as at 30 June 2013, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies, other explanatory information, and the statement by the Board.

Board Members' Responsibility for the Financial Report

The Board of the Association is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Associations Incorporation Act 1985*. The Board's responsibility also includes such internal control as the Board determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement to the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Australian professional ethical pronouncements.
